SME products recommended price list

Valid from September 3, 2025

General explanations

1. All prices and price-related conditions (including license prices, training prices, and training durations, but not limited to these) in this price list are only advisory and are not binding.
2. All prices are in Turkish Lira (TL), VAT is not included in the prices.
3. Renewal fees will be calculated based on the current list prices during the renewal periods. Logo Software reserves the right to update prices.

— Flexible Payment Plan

4. Flexible payment plan is a subscription model that offers different payment plans to customers.
5. Customers will be able to continue using the product by paying the initial subscription fee in their first years and renewal fees according to the plan they choose in the following years. Any subsequent user increases, modules, e-solutions, and related functional solutions also require them to pay the first year's subscription fee and subscription renewal fees in the following years.
6. The subscription validity period is 1 year. The renewal date begins from the date the previous license usage period ends. Renewal transactions will be carried out based on current commercial terms and prices.
7. If the subscription is not renewed, access to the product will be terminated; however, an additional 30-day period will be provided, during which subscription renewal can be completed. For renewals made within the 30-day period, an additional fee of 10% of the subscription renewal fee will be applied due to the delay, but loyalty discounts will continue. If the 30-day period expires,the loyalty discount will end, and a final additional 60-day period will be granted for the subscription renewal. For renewals made during the 60-day period, an additional fee of 10% of the subscription renewal fee will be applied due to the delay, and loyalty discounts will not apply.
8. If renewal is not made within 90 days following the renewal date, the product usage license will expire. If the customer wants to use the product again after the 90th day, they will need to start a new subscription.

— Training

9. The trainings are related to product usage and are given by certified business partners. Requests such as identification, reporting, and adaptation are also evaluate
10. It is strongly recommended to receive training services only from authorized Logo business partners and certified training experts located on the Logo corporate website (www.logo.com.tr).

– Explanations

– Logo GO Wings

1. The Logo GO Wings product and all its options can be used by up to 16 users.

2. Logo GO Wings Main Package, Stock (Dispatch, Order, Costing, Dynamic Unitization, Equivalent Goods Tracking), General Ledger, Fixed Asset, Invoice, AR/AP (Payment/Collection, Payment Plan), Demand Management, Check/P.Note, Installment Operations (Partial Collection), Credit Card, Bank, Safe Deposit, Exchange Rate Tracking, Inflation Accounting, Additional Tax (SCT, SCT), Calculator with Foreign Currency, Transaction Currency, Table and Pivot Reports, Task Scheduler, Admin Console modules are included.

3. The Logo GO Wings solution can be used hybridly via desktop and/or web browser.
   • User count control is done through terminal definition with named user logic, on the desktop side, control is provided from a counting field related to how many times a user can open the product, and the user can open the product according to this number.
   • Every time the product is opened and logged in, one user is deducted from the total number of users. In the used solution, different company usage at the same time, it is possible to open the product twice and it counts as 2 users.
   • When using the e-Solutions module with Wings solutions, at least "one" user must be defined as a "desktop user".

4. Logo GO Wings software and hardware requirements are detailed in the "system requirements" document. This document can be obtained from authorized business partners.

5. User increments added to the main packages are packages that increase the number of users when installed alone or on top of each other.
   Example: When "user increment +2" is loaded into the Logo GO Wings main package, a total of 3 users are obtained. There is no need to purchase a separate user increment set for options used with the main packages unless specified in the list.

– Logo Start 3 and Logo Start 3 (with e-Government content)

6. Logo Start 3 and Logo Start 3 (with e-Government content) product is for 1 user; the number of users and the number of companies cannot be increased.

7. Logo Start 3 (e-Government content) product, in addition to the Logo Start 3 product, includes e-Invoice, e-Archive Invoice, e-Dispatch and e-Tradesman Invoice integrations.

8. Logo Start 3 (e-Government content) product is only offered under eLogo integration.

– Logo Mali Müşavir 3

9. Logo Mali Müşavir 3 main package; General Legder Management, Fixed Asset Management, Business Ledger, Declaration, Office Management, Payroll (10,000 employees) modules are included.

10. In the last year, Financial Advisors who have newly joined the profession are subscribing to the Logo Financial Advisor 3 product with a 30% discount advantage.

– Options

11. Logo GO Wings e-Export Operations module; is a module that allows the recording and electronic sending of export operation slips, export registered purchase invoices, export registered sales invoices and similar slips and invoices. This module must be purchased in order for export invoices to be sent as e-invoices.

12. Logo GO Wings ExcelTrans is only available in Turkish language.

13. Logo GO Wings retail module; includes demand management, material class, campaign, sales console, configuration management and barcode label design and printing features.
"Barcode Label Design and Printing" can also be purchased separately from the Retail module.

14. The number of users of independent modules is limited by the number of Logo GO Wings users.

15. Logo GO Wings; payroll and human resources management, workflow management, customer relationship management, warehouse management systems, retail, field sales management, business analytics and is integrated with e-Solutions. For detailed information about solutions integrated with Logo Tiger Wings Enterprise in related categories, you can contact our business partners.

16. Please review the price list for more solutions integrated with the Logo GO Wings solution in the Logo Approved Ecosystem solutions. Logo Approved Ecosystem Solutions are solutions developed by Logo Solution Partners and integrated with Logo products.

17. Logo Mind Navigator product works with SQL database in Logo GO Wings ERP integrations.

— e-SOLUTIONS

18. Logo Mali Müşavir 3 e-Solutions Package includes Connect Invoice, Conncet e-Archive Invoice, e-Ledger, e-Dispatch and e-Self-Employment Receipt modules. Mali Müşavir 3 users who have Connect Invoice, Connect e-Archive Invoice, e-Dispatch and/or e-Ledger module should also purchase "Mali Müşavir 3 e-Solutions Transition Set" when they want to buy -firm increase- for each e-solution.

19. Logo e-Invoice
   • While providing general use of the basic functions of Connect Invoice, e-Invoice application, e-Invoices can be received and sent manually via the e-Invoice portal offered by the Revenue Administration (RA).

20. Logo e-Ledger
   • The e-Ledger application enables the General Journal and General Ledger documents to be prepared in the digital environment in accordance with set standards and sent to the Revenue Administration easily and quickly.

21. Logo e-Archive Invoice
   • The e-Archive Invoice application enables e-invoices to be issued for businesses that use or don't use e-Invoices and for final customers, and provides copies of these invoices to be electronically stored and submitted.

22. Logo e-Dispatch
   • The e-Dispatch application accelerates shipment processes and trade by creating delivery notes in the digital environment.

   • This module is free in the first year of subscription for our customers that have a current subscription and Logo e-Invoice module, and also use eLogo Private Integrator. The e-Dispatch module will be included in the price calculation in the following subscription renewal periods. If the prices are not updated at the customer's subscription renewal period; monthly and annual prices will be recalculated from the following rates which are valid as of January 7, 2025

23. Logo Connect Bank
   • Connect Bank combines the accounts of a business and the branches of the banks that it works with, enabling bank transactions to be performed safely, quickly and easily without any duplicate entries.

24. e-Producer's Receipt and e-Self-Employment Receipt

   * e-Producer's Receipt ensures that producer receipts, issued by farmers and/or wholesalers keeping books in return for the products purchased from farmers who do not keep books, are prepared in electronic environment and reported to the Revenue Administration electronically.

   * e-Self-Employment Receipt ensures that self-employment receipts issued to individuals or institutions for collections of self-employed regarding their professional services, are prepared in electronic environment and reported to the Revenue Administration electronically through eLogo.

   • e-Producer's Receipt and e-Self-Employment Receipt are modules that only work with eLogo Private Integration. These modules are free in the first year of subscription for our customers who have a current subscription and use eLogo Private Integrator, and will be included in the price calculation in the following subscription renewal periods. If the prices are not updated at the customer's subscription renewal period; monthly and annual prices will be recalculated from the following rates which are valid as of January 7, 2025.

25. e-Solutions

   • Number of firms- represents the number of legal entities customer has approved by Revenue Administration and have a tax number. Firm increase feature should be purchased for additional firm needs. The number of firms can be increased at any time.

   - Logo Connect Module

   • The Logo Connect Desktop module, used with e-Government solutions, was closed to new customer sales as of 23.10.2023 and was terminated on 31.05.2024. As of 31.05.2024, no developments will be made regarding the product, and bug-fix versions and technical support within the scope of LEM will continue until 31.05.2026. As of 31.05.2026, all services, including support for the product, will be terminated.
   • As of 23.10.2023, Logo ERP main packages offered to new customers are only compatible with the Logo Connect Cloud module.
   • For Start 3 (with e-Government) customers; e-Government solutions included in the Start 3 (with e-Government) main package only work with Cloud Connect module.
   • All the above rules defined for e-Solutions are also valid for Mali Müşavir 3 users.

— eLogo Financial Service Solutions

26. -eLogo Online Account Statement Application

   Thanks to the Online Account Statement Application developed by eLogo, businesses using the compatible Logo ERP solutions can instantly monitor their bank, branch and account-based balance information in any currency from a single platform, and they can easily transfer their account activities in the banks integrated into the ERP application and create accounting records automatically. Banks integrated into the application include but not limited to Akbank, Albaraka Türk Bankası, Denizbank, Fibabanka, Garanti Bank, Halk Bank, İş Bank, Kuveyt Türk Bank, Odeabank, Şekerbank, TEB, VakıfBank, Vakıf Katılım Bank, Yapı Kredi Bank,

- The system operates on monthly and yearly package fees.
- Package purchases are made through the order portal.
- 30 Credits per month are charged for each integrated POS terminal. The first 5 POS terminal integrations are free, credit chare starts as of 6th POS terminal.
- In the EHÖ transfer module, 1 credit is deducted for every 10 transactions. The first 2500 transactions are a gift.
- -Money transfer: 1 Credit for every 4 transactions
- There is no bank, branch, account, IBAN definition limit for monthly and yearly packages.
- Application works with compatible versions of following ERP products; Logo GO 3, GO Wings, Tiger 3, Tiger Wings, Tiger 3 Enterprise, Tiger Wings Enterprise

27. -eLogo e-Collection

A payment system that enables businesses to make collections by credit card or bank card using virtual POS via eLogo e-Collection screens in digital environment. Thanks to its integrated structure with Logo ERP, customers' current debt balance can be tracked, and payments received can be accounted for in Logo ERP with a single click. Payments can be received securely online via links sent to customers via e-mail, SMS and WhatsApp channels. In addition, companies can manage their payment processes with the integration they can provide to their websites and easily account for the payments received in Logo ERPs. With the B2B portal feature, companies can enable their dealers to receive payments through the eLogo e-Collection application. Payments made in all these processes are collected from the company's own virtual POS accounts received from banks, according to the commissions and maturities in its own agreements.

- The system operates on annual package fees. There is no additional charge based on credits. Package purchases are made through the order portal.
- All packages include all 5000 e-mail, 1000 SMS and 1000 Whatsapp links delivery options. Each package is valid only for one firm, firm increase package should be purchased for other/sub firms.
- There is the right to define 1000 dealers in B2B portal package. After the first 1,000 dealers are defined, a dealer increase package must be purchased for each 1,000 dealers.
- Virtual POS should be provided by the firm for the eLogo e-Collection solution. Virtual POS commission rates are determined within the framework of the agreement between the bank or payment institutions and the company that will use the eLogo e-Collection product.
- Application works with compatible versions of following ERP products; Logo GO 3, GO Wings, Tiger 3, Tiger Wings, Tiger 3 Enterprise, Tiger Wings Enterprise
