

P-01.67 Environmental Policy for Suppliers and Business Partners

Logo expects all business partners and suppliers to comply with legal obligations and the principles determined by Logo to spread the understanding of environmentally friendly operations. Logo expects all suppliers and business partners to operate by the following rules:

- Comply with all applicable environmental regulations and laws
- Comply with all applicable laws, regulations, and customer requirements regarding the prohibition or restriction of specific substances
- Determine chemicals or other materials that may pose a threat to the environment and take appropriate measures in the production, transportation, storage, disposal, and release of such materials concerning emissions, wastes, hazardous substances, and wastewater discharge,
- Reduce or eliminate all kinds of waste by recycling and reusing materials,
- Implement appropriate protection measures in its facilities,
- Obtain, maintain, and keep up to date all necessary environmental permits and records,
- Ensure that suppliers and business partners working for waste disposal are appropriately authorized and licensed and keep records demonstrating environmentally conscious disposal and meeting the relevant requirements.
