

Business Analytics Solutions suggested price list

valid from January 5, 2024.

General descriptions

- All price and price-related conditions in this price list (including but not limited to license prices, training prices and training durations) are advisory only and are non-binding.
- All prices are in Turkish Lira (TL) and do not include VAT.
- Prices may differ depending on valid Logo Enterprise Membership (LEM) contracts in progress, except for the main package and transition package prices.

– LEM (Logo Enterprise Membership)

- LEM is a subscription system which provides customers the latest version of the product with new features and performance improvements, also enables customers special prices for user, employee, firm increases and modules when desired to be purchased.
- A 1-year LEM is free for new package purchases. When switching to other products;
 - When switching to other products in the same segment, with or without a fee, the LEM validity for the previous product will be transferred to the new product (with the same start and end dates).
 - When upgrading to upper segments with a fee, 1-year free LEM is assigned to the new product starting from the switch date.
- The LEM is valid for one year. The renewal period will start as of the end date of previous LEM.
- Users who renew their LEM subscription before or within 30 days after the end date and in a regular manner may benefit from the loyalty discount and get LEM with advantageous prices.
- In case the LEM has expired, the installation of additional products purchased with the "price applied for a valid LEM" cannot be performed.
- For LEM subscriptions that are not renewed within 30 days following the end date, a Retrospective LEM should be purchased. The price of the Retrospective LEM is 10% more than the price of the Standard LEM.
- The price of LEM is calculated as per the latest configuration in the product (main package, module, user/employee/firm increase). User/employee/firm increases are included in the price calculation of LEM as of the date of purchase. The price of LEM is calculated considering the end date of the LEM subscription for options (modules). For every module purchased at least one year prior, the duration from the month in which the 1-year period expired until the end date of the Standard LEM subscription is checked and the remaining months are included in the LEM price calculation.
- Service, installation and upload prices of Logo Business Partners are not included in the LEM prices.

– Training

- Training sessions regarding the use of products are organized by certified business partners. Requests for diagnostics, reporting and customization are evaluated separately.
- It is strongly recommended that you only participate in training sessions provided by Logo business partners and certified training specialists listed on the Logo corporate website (www.logo.com.tr).

–Descriptions

– Logo Mind Insight

1. Logo Mind Insight; Logo product families databases; It includes databases developed by Logo business and solution partners for solutions in the Logo product family and working with the user, and a Microsoft Excel connection.
2. It is recommended to install Logo Mind Insight on a standalone server.
3. Logo Mind Insight can be used with Microsoft® SQL Server® 2016 R2/2016 Express Edition and higher database. It needs at least 16 GB of RAM and 10 GB of disk space. Please consult authorized Logo Business Partners for Microsoft® SQL Server® 2016 needs.
4. Logo Mind Insight; It can be integrated with MS SQL, Oracle and my SQL databases and can be used with all Logo solutions. Users can prepare analysis using data connections and their own tables/views. In addition, ready-made dashboard and report packages are offered in Logo Mind Insight. For details about the databases with integration and the ready-made dashboard/report package; [Logo Docs - Database Integration and Ready Report Details](#).
5. Logo Mind Insight requires min.16 GB memory and min. 5 GB of disk space is required to install the system. Depending on the data capacity of the Logo solution used for reporting and analysis and the number of users who will use the application, the disk space and memory requirement may increase.
6. Logo Mind Insight uses in-memory, analysis and association technology features. It can be used with smartphones, tablets and computers.
7. For detailed information about domestic language support for Logo Mind Insight; [2024 Supported Language Packs.pdf](#)
8. The term "user" is "named user".
9. A valid, up-to-date LEM is required to receive a user increase.

– Logo Mind Insight - Options

10. In order to benefit from the Logo Mind Insight mailing feature;
 - *Using Logo Mind Insight in version 1.28 and later,
 - *Purchasing the Logo Mind Insight mailing module,
 - *A user license must be allocated excluding the Logo Mind Insight system administrator role, allocating only for the mailing feature or if there are no additional user license available for this operation Logo Mind Insight user increase +1 must be purchased.
11. The Logo Mind Insight mailing feature is compatible with the application running only in https mode.

– Logo Mind Budget

12. For Logo j-Platform users, the Logo Mind Budget price is determined within the project.
13. Logo Mind Budget can be used with Microsoft® SQL Server® 2016 R2/2016 Express Edition and higher database. It needs at least 16 GB of RAM and 10 GB of disk space. Please consult authorized Logo Business Partners for Microsoft® SQL Server® 2016 needs.
14. The Logo Mind Budget main package includes the 1-user Logo Mind Insight main package.
15. Logo Mind Insight users will be able to start using it by paying the price difference between Logo Mind Budget and Logo Mind Insight if they want to purchase Logo Mind Budget in the next period and in case of LEM.
16. Logo Mind Budget; It includes budget/sub-budget data editor, advanced formula generator, budget dimensions, quantity budget, amount budget, budget revisions, payment plans, previous year data connections, financial reports, excel export, ERP data integration modules. Business analytics solutions included in the Logo Mind Budget main package include dashboards, corporate user report designer, report management, report outputs, interactive reports, audit log, mobile access, data integration, and advanced data analysis modules.
17. For detailed information about domestic language support for Logo Mind Budget; [2024 Supported Language Packs.pdf](#)
18. The number of users of Logo Mind Budget and Logo Mind Insight are independent of each other. Separate user increases must be purchased for products. For example; While the Logo Mind Budget main package can be used with 5 users, Logo Mind Insight can be used with 1 user.
19. User increases for Logo Mind Budget are simultaneous; For Logo Mind Insight, it is "named user".

– LEM

20. The LEM prices of Logo Mind Insight and Logo Mind Budget are calculated by taking 13% of the current license prices.
21. Users who have Logo Mind Insight as part of Logo Mind Budget are required to renew the LEM of both products during the next year's LEM renewal period.

– Training
