Valid from July 6, 2024.

General descriptions

1 All price and price-related conditions in this price list (including but not limited to license prices, training prices and training durations) are advisory only and are non-binding by Logo.

2. All prices are in Turkish Lira (TL) and do not include VAT.

3. Prices may differ depending on valid Logo Enterprise Membership (LEM) contracts in progress, except for the main package and transition package prices.

LEM (Logo Enterprise Membership)

4. Lem is a subscription system which provides customers the latest version of the product with new features and performance improvements, also enables customers special prices for user increase, employee increase and modules when desired to be purchased.

5. Comprehensive LEM; Includes 1 year of LEM + Support line service. Within the scope of the support line service; questions, problems or feature requests about the product used; It can be forwarded to Logo Support teams via the telephone support line and Logo Portal, and the status and details of the transmitted subject can be followed through Logo Portal.

6. A 1-year LEM is free for new package purchases. When switching to other products;
•When switching to other products in the same segment, with or without a fee, the LEM validity for the previous product will be transferred to the new product (with the same start and end dates).
•When upgrading to upper segments with a fee, 1-year free LEM is assigned to the new product starting from the switch date.

7. The LEM is valid for one year. The renewal period will start as of the end date of previous LEM.

8. Users who renew their LEM subscription before or within 30 days after the end date and in a regular manner may benefit from the loyalty discount and get LEM with advantageous prices.

9. If the LEM subscription is not valid, additional products purchased with "prices applied for a valid LEM" cannot be installed.

10. For LEM subscriptions that are not renewed within 30 days following the end date, a Retrospective LEM should be purchased. The price of the Retrospective LEM is 10% more than the price of the Standard LEM.

11 The price of LEM is calculated as per the latest configuration in the product (main package, module, user/employee/firm increase). User/employee/firm increases are included in the price calculation of LEM as of the date of purchase. The price of LEM is calculated considering the end date of the LEM subscription for options (modules). For every module purchased at least one year prior, the duration from the month in which the 1-year period expired until the end date of the Standard LEM subscription is

12. Service, installation and upload prices of Logo Business Partners are not included in the LEM prices.

− Training

13. Training sessions regarding the use of products are organized by certified business partners. Requests for diagnostics, reporting and customization are evaluated separately.

14. It is strongly recommended that you only participate in training sessions provided by Logo business partners and certified training specialists listed on the Logo corporate website (www.logo.com.tr).

1 Logo Netsis Wings product is licensed for at least 3 users.

2. Logo Netsis Wings can be used by up to 21 users.

3. Logo Netsis Wings; sales management, purchasing management, stock management, finance management, general ledger, quality control, flexible configuration, dynamic warehouse, weighbridge, NDI, sms, credit card, project, project management, log, foreign currency transactions, serial-lot application, order revision tracking, workplace, form some area security, fixture application, free report generator features.

· Fixtures (Asset Management), NDI and Central Identity Management System (SSO) depend on the number of users of the ERP solution it is used together. In case of simultaneous use with the ERP solution with which it is used, each user who will use these applications consumes the main package user license. (Available from version 9.0.40.0 for central identity management system (SSO).)

For example, in the Logo Netsis Wings solution with 10 users, if 1 user logs in to the Fixed Asset Management module, 9 more users can log in to the solution.

4. Logo Netsis Wings ERP solutions can be used hybridly via desktop and/or web browser. · Desktop usage works according to the concurrent user counting model, that is, when a user logs in to more than one company on the same computer, it corresponds to a user in terms of licensing. ·Using via web browser, every newly opened web browser (or tab) opens with a new login screen and is considered as a new user.

5. Users who make an annual agreement for the Logo Netsis Wings main package will have an annual subscription license. Additional user increase or/and module purchase fee within one year is calculated with "yearly prices/12*months to subscription renewal period" and is added to main pack license.

6. Turkish and English languages are offered as standard features with Logo Netsis Wings.

7. Logo Netsis Wings software and hardware requirements are detailed in the "System Requirements" document. This document can be obtained from "authorized business partners".

8. The database fee is not included in the prices. Current versions of Microsoft® SQL Server® and Oracle are supported.
Logo Mind Navigator Enterprise runs SQL database in Logo Netsis ERP integrations.

−Options

9. Additional language packages are available for German, Arabic, Persian, Russian, Azerbaijani languages. In language pack usage, the database language settings should be opened in accordance with the compatible language and the firm database language should be selected according to the relevant language.
