Logo Tiger Wings suggested price list (one -time)
Valid from July 6, 2024.

General descriptions

1. All price and price-related conditions in this price list (including but not limited to license prices, training prices and training durations) are advisory only and are non-binding by Logo.
2. All prices are in Turkish Lira (TL) and do not include VAT.
3. Prices may differ depending on valid Logo Enterprise Membership (LEM) contracts in progress, except for the main package and transition package prices.

LEM (Logo Enterprise Membership)

4. LEM is a subscription system which provides customers the latest version of the product with new features and performance improvements, also enables customers special prices for user, employee, firm increases and modules when desired to be purchased.
5. A 1-year LEM is free for new package purchases. When transferring to other products;
   •When transferring to other products in the same segment, with or without a fee, the LEM validity for the previous product will be transferred to the new product (with the same start and end dates).
   •When upgrading to upper segments with a fee, 1-year free LEM is assigned to the new product starting from the transition date.
6. The LEM is valid for one year. The renewal period will start as of the end date of previous LEM.
7. Users who renew their LEM subscription before or within 30 days after the end date and in a regular manner may benefit from the loyalty discount and get LEM with advantageous prices.
8. In case the LEM has expired, the installation of additional products purchased with the "price applied for a valid LEM" cannot be performed.
9. For LEM subscriptions that are not renewed within 30 days following the end date, a Retrospective LEM should be purchased. The price of the Retrospective LEM is 10% more than the price of the Standard LEM.
10. The price of LEM is calculated as per the latest configuration in the product (main package, module, user/employee/firm increase). User/employee/firm increases are included in the price calculation of LEM as of the date of purchase. The price of LEM is calculated considering the end date of the LEM subscription for options (modules). For every module purchased at least one year prior, the duration from the month in which the 1-year period expired until the end date of the Standard LEM subscription is checked and the remaining months are included in the LEM price calculation.
11. Service, installation and upload prices of Logo Business Partners are not included in the LEM prices.

— Training Service

12. Training sessions regarding the use of products are organized by certified business partners. Requests for diagnostics, reporting and customization are evaluated separately.

13. It is strongly recommended that you only participate in training sessions provided by Logo business partners and certified training specialists listed on the Logo corporate website (www.logo.com.tr).

– Descriptions

1. Tiger Wings and its options can be used by maximum 51 users. Tiger Wings main package includes 1 user.

2. Tiger Wings includes; Material Management, Procurement Management, Sales Management (Campaign), Finance Management, General Ledger, Fixed Asset Management, Serial-lot Numbering, Stock Location Tracking, Inflation Accounting, Additional Tax (SCT), Demand Management, Collateral Management, Task Scheduler, Management Console, Work Flow, Project Tracking, BI Basic, Webmaster, Practical Table and Pivot Reports, Report Generator and Interface Customization Features.

3. Logo Tiger Wings is a hybrid solution can be used both from a desktop and / or web browser.
   · The number of users in the system is managed by defining named users for the terminal. The number of sessions initiated by a user is counted and controlled on desktop, the users can run the product according to this number.
   · One user is deducted from the total number of users whenever a user logs in. It is possible for different companies to use this solution simultaneously by running it twice. In this case, these companies are considered two users.
   · If the e-Solutions module is used with Wings solutions, at least one "user" must be defined as "desktop user".

4. Turkish and English languages are offered as standard features with Logo Tiger Wings.

5. Logo Tiger Wings Enterprise software and hardware requirements are specified in 'System Requirements' document. This document can be reached by "Logo Business Partners"

6. User increases added to the main package of Logo Tiger Wings Enterprise are packages for increasing the number of users when added separately or successively. Example: When "user increase +5" is added to the main package of Logo Tiger Wings Enterprise, you have a total of six users. For the options used with the main packages, an additional user increase set is not necessary, if not listed.

– Options

15. In transition to Logo Mind Navigator Enterprise, the number of users of the current product can benefit from the transition price advantage. In case more users are requested, user increase purchases should be made over the listed prices for additional users.
    Logo Mind Navigator Enterprise runs SQL database in Logo Tigers Wings ERP integrations.

– e-Solutions

16. Logo e-Invoice
    • While providing general use of the basic functions of Connect Invoice, e-Invoice application, e-Invoices can be received and sent manually via the e-Invoice portal offered by the Revenue Administration (RA).
    • The Server License Add-on must be purchased with Connect Invoice. Thanks to the Connect Invoice and e-Invoice Server License add-on, businesses can use the e-Invoice application by being integrated into the Revenue Administration's system through their own data processing systems. Thus, the reception and delivery processes of e-Invoices can be automated.
    Connect Invoice (server license add-on) is not included in Logo Tiger Wings and Logo Tiger Wings Enterprise products.

17. Logo e-Ledger
    • The e-Ledger application enables the General Journal and General Ledger documents to be prepared in the digital environment in accordance with set standards and sent to the Revenue Administration easily and quickly.
    • With new versions, accounting updates are made on the commercial system side and these changes and updates may also affect the e-Ledger product. LEM upgrades must be made in order to benefit from the regulations that should be made on the side of the commercial system and that will ensure that the e-Ledger is printed in accordance with the legislation.

18. Logo e-Archive Invoice
    • The e-Archive Invoice application enables e-invoices to be issued for businesses that use or don't use e-Invoices and for final customers, and provides copies of these invoices to be electronically stored and submitted.

19. Logo e-Dispatch

• The e-Dispatch application accelerates shipment processes and trade by creating delivery notes in the digital environment.

• The e-Dispatch module is free of charge for our customers who have a valid up to date LEM and Logo e-Invoice module, and who use the eLogo Private Integrator Service. The e-Dispatch module will be included in the LEM calculation next year at current product prices in effect at that time. If the prices are not updated at the customer's LEM calculation period; LEM calculation will be recalculated from the following prices which are valid as of July 6, 2024.

Product Name	Product Price (Next LEM Period)
Logo Tiger Wings e-Dispatch (eLogo Private Integrator)	24.400
Logo Tiger Wings e-Dispatch firm increase (eLogo Private Integrator)	3.530

• In order to use the e-Dispatch module, it is necessary to have a minimum version of 2.48.000.1 or 2.49.

• The e-Dispatch Server License module must be purchased together with the e-Dispatch module. By purchasing the e-Dispatch and e-Dispatch Server License modules together, companies can use the e-Dispatch application integrated with the RA's (Revenue Administration) system through their own information processing systems. e-Dispatch server license is not included in Logo Tiger Wings and Logo Tiger Wings Enterprise products.

20. Logo Connect Bank

• Connect Bank combines the accounts of a business and the branches of the banks that it works with, enabling bank transactions to be performed safely, quickly and easily without any duplicate entries.

21. Logo e-Producer's Receipt and Logo e-Self-Employment Receipt

e-Producer's Receipt and e-Self-Employment Receipt are modules that only work with eLogo Private Integration. These modules are free of charge for our customers with up-to-date LEM and using eLogo Private Integrator, and will be included in the LEM calculation next year at current prices in effect at that time. If the prices are not updated at the customer's LEM calculation period; LEM calculation will be recalculated from the following prices which are valid as of July 6, 2024.

Product Name	Product Price (Next LEM Period)
Logo Tiger Wings e-Self Employment Receipt	7.650
Logo Tiger Wings e-Producer's Receipt	12.400
Logo Tiger Wings e-Producer's Receipt firm increase	2.270

22. Other e-Solutions

• -Number of firms- represents the number of legal entities customer has approved by Revenue Administration and have a tax number. Firm increase feature should be purchased for additional firm needs. The number of firms can be increased at any time.

- Logo Connect Module

• Logo Connect Desktop module used with e-Government solutions has been closed to new ERP customer sales as of 23.10.2023, and as of 23.10.2023, new ERP customer sales including e-Government solutions are made with Cloud Connect module.

• Existing Logo ERP customers using e-Government solutions with Logo Connect Desktop module before 23.10.2023 will not be affected by the process and will be able to continue using Logo Connect Desktop module in the same way unless otherwise stated by Logo Yazılım.

• Existing ERP customers using e-Government solutions with Logo Connect Desktop module before 23.10.2023 will be able to continue to use Logo Connect Desktop in the same way if they upgrade to higher packages, unless stated otherwise by Logo Yazılım.

• If existing customers, that purchased any ERP main package before 23.10.2023 but don't have any e-Government solutions as of 23.10.2023, wish to purchase e-Government solutions after 23.10.2023; they will be able to use these solutions together with Logo Connect Desktop application unless otherwise stated by Logo Yazılım.

• Existing customers, that purchased any ERP main package and e-Govenrment solutions before 23.10.2023 and use Logo Connect Desktop module, should purchase firm increase module in case of need for additional firms after 23.10.2023. Otherwise, if additional firm purchases are made with new ERP package after 23.10.2023, there might be differences in the use of connect between the main firm and additional firms due to the fact that e-solutions only work with Logo cloud connect module.

• Existing customers using Logo Connect Desktop module on or before 23.10.2023 are able to switch to the Logo Cloud Connect module at any time.

− eLogo Financial Service Solutions

23. -eLogo Online Account Statement Application

16. Logo e-Invoice

• While providing general use of the basic functions of Connect Invoice, e-Invoice application, e-Invoices can be received and sent manually via the e-Invoice portal offered by the Revenue Administration (RA).

• The Server License Add-on must be purchased with Connect Invoice. Thanks to the Connect Invoice and e-Invoice Server License add-on, businesses can use the e-Invoice application by being integrated into the GİB's system through their own data processing systems. Thus, the reception and delivery processes of e-Invoices can be automated. Connect Invoice (server license add-on) is not included in Logo Tiger Wings and Logo Tiger Wings Enterprise products.

17. Logo e-Ledger

• The e-Ledger application enables the General Journal and General Ledger documents to be prepared in the digital environment, in accordance with set standards, and sent to the Revenue Administration quickly and easily.

• With new versions, accounting updates are made on the commercial system side and these changes and updates may also affect the e-Ledger product. LEM upgrades must be made in order to benefit from the regulations that should be made on the side of the commercial system and that will ensure that the e-Ledger is printed in accordance with the legislation.

18. Logo e-Archive Invoice

• The e-Archive Invoice application enables e-invoices to be issued for businesses that use or don't use e-Invoices and for final customers, and provides copies of these invoices to be electronically stored and submitted.

19. Logo e-Dispatch

• The e-Dispatch application accelerates shipment processes and trade by creating delivery notes in the digital environment.

• This module is free in the first year of subscription for our customers that have a current subscription and Logo e-Invoice module, and also use eLogo Private Integrator. The e-Dispatch module will be included in the price calculation in the following subscription renewal periods. If the prices are not updated at the customer's subscription renewal period; monthly and annual prices will be recalculated from the following rates which are valid as of July 6, 2024.

Product Name	Product Price (Next Subscription Period)	
	Monthly	Annually
Logo Tiger Wings e-Dispatch (eLogo Private Integrator)	810	8.100
