

## Logo B2B suggested price list

Valid from January 5, 2024.

### General descriptions

1. All price and price-related conditions in this price list (including but not limited to license prices, training prices and training durations) are advisory only and are non-binding.
2. All prices are in Turkish Lira (TL), VAT is not included in the prices.
3. Prices may differ depending on valid Logo Enterprise Membership (LEM) contracts in progress, except for the main package and transition package prices.

### -LEM (Logo Enterprise Membership)

4. LEM is a subscription system which provides customers the latest version of the product with new features and performance improvements, also enables customers special prices for user, employee, firm increases and modules when desired to be purchased.
5. A 1-year LEM is free for new package purchases. When switching to other products;
  - When switching to other products in the same segment, with or without a fee, the LEM validity for the previous product will be transferred to the new product (with the same start and end dates).
  - When upgrading to upper segments with a fee, 1-year free LEM is assigned to the new product starting from the switch date.
6. The LEM is valid for one year. The renewal period will start as of the end date of previous LEM.
7. Users who renew their LEM subscription before or within 30 days after the end date and in a regular manner may benefit from the loyalty discount and get LEM with advantageous prices.
8. In case the LEM has expired, the installation of additional products purchased with the "price applied for a valid LEM" cannot be performed.
9. For LEM subscriptions that are not renewed within 30 days following the end date, a Retrospective LEM should be purchased. The price of the Retrospective LEM is 10% more than the price of the Standard LEM.
10. The price of LEM is calculated as per the latest configuration in the product (main package, module, user/employee/firm increase). User/employee/firm increases are included in the price calculation of LEM as of the date of purchase. The price of LEM is calculated considering the end date of the LEM subscription for options (modules). For every module purchased at least one year prior, the duration from the month in which the 1-year period expired until the end date of the Standard LEM subscription is checked and the remaining months are included in the LEM price calculation.
11. Service, installation and upload prices of Logo Business Partners are not included in the LEM prices.

### – Training

12. Training sessions regarding the use of products are organized by certified business partners. Requests for diagnostics, reporting and adaptation are evaluated separately.
13. It is strongly recommended that you only participate in training sessions provided by Logo business partners and certified training specialists listed on the Logo corporate website ([www.logo.com.tr](http://www.logo.com.tr)).

## –Descriptions

1. Logo B2B provides end-to-end management of order processes of dealers and headquarters by working directly with Logo ERP solutions. The instant stock amount, current account statement, order status and history of the dealer can be viewed with Logo B2B. In order processes carried out with the gradual approval mechanism, the risk of the current account can be examined instantly. It is possible to make transactions and get reports as well as return and enter samples in the online ordering system. Dealers can also see and follow all this information on their own pages. Logo B2B enables end-to-end management of orders by allowing the order to be paid through the system. **Click for product feature set.**
2. Logo B2B is an on-premise solution. Its main package includes 500 users and 1 company. For more users, it is necessary to purchase additional user increments. There is no company increase option.
3. User increase packages provides increasing the number of users when added to the main package. For example; When "Logo B2B user increase +100" is added to the main package, the solution can be used by 600 users.
4. The number of users of the Logo B2B solution is independent from the number of users of the ERP product which is integrated to Logo B2B.
5. Logo B2B can work integrated with Logo ERP solution families (Logo GO, Tiger, Netsis, j-Platform). You can find the recommended prices of the relevant solutions from the price lists of the related category.
6. Logo B2B can be used with Microsoft® SQL Server® 2016 and higher database. It needs at least 64 GB of RAM and 200 GB of disk space. Please consult authorized Business Partners for Microsoft® SQL Server® for needs of 2016 and above.
